

Senior Living Sales Workshop

How older adults story their lives is of pivotal importance in understanding how an individual self-identifies, as well as how they view the overall progression and trajectory of their life history.

— From 'Tell Me a Story, How Sharing Life Stories Benefits Older Adults' an Orange Paper by Mather Lifeways.

At our new StoryTree sales workshop, you'll learn how to use story-telling as a tool to align a prospects' aspirations with your community's attributes to create a strong sense of empathy and receptiveness. Learning a person's story is key to unlocking a deeper relationship and gaining commitment to advance the sale.

*A Unique
Sales Journey*

Solutions Advisors' StoryTree workshop re-imagines the sales journey, incorporating the seven powerful elements of story-telling: **plot**, **character**, **theme**, **dialogue**, **chorus**, **stage** and **spectacle** to help you gain a better understanding of your customer and what's important to them as they contemplate making a major life change. You'll take home innovative sales tactics such as the **Story Board**, **Personal Proposals** and **Creative Follow Up** which have proven to result in higher conversions, shorter gestations, improved occupancy and even lower age at move-in.

This two-day workshop is specifically designed for sales representatives of senior living communities – from full service Life Plan Communities to assisted living and memory care – to help you reach a new level of understanding of your prospect and achieve greater sales success and personal satisfaction.
